The Venue

The Construction Cup '24 will be played on the pitch at the home of Crystal Place Club, Selhurst Park.
We will split the main pitch into 4 standard 5-side pitches and install 5-side goals.

Players and spectators can watch all the games from one of the 25,500 seats or manage their team from the dugout.

Before and after the tournament, players will be able to use the home and away dressing rooms and shower.

After the tournament, we will invite players and spectators to join us in the Malcolm Allison Suite where all players will receive a complimentary hot meal and drink.

*tournament format may be subject to change

Getting There

Selhurst Park, Holmesdale Road, London, SE25 6PU
The closest station is Norwood Junction 0.5 miles

Crystal Place FC

The Football

Teams will be 5 players, 4 out-field and a goalkeeper.
Your team can include as many players as you wish throughout the tournament, but the match squad will be limited to 8 per game.
We welcome mixed-gender teams, but this is not mandatory.

The tournament will take the Champions League format.
The group stage will have 4 teams per group, guaranteeing every team a minimum of 3 games. The winners and runners-up will progress to the quarter-final, semi-final, third-place playoff and final.

In the later stages of the tournament, pitches will become free, so there will be the opportunity to play friendly games against other eliminated teams maximising your playing time.

*tournament format may be subject to change
*over 18 only

Arrive 2.30 PM
Kick Off 1.30 PM
Final 4.15 PM
Trophy 4.30 PM

The Quarter Pro® Content

Every team will receive game Quarter Pro® content including match stats, player stats, full game video and a custom highlights package

*tournament format may be subject to change

Unseen The Charity Partner

For the Construction Cup '24 we feel it is important to partner with a charity working specifically in the construction industry. We are excited to partner with Unseen for this year's tournament. Unseen's 2022 Helpline Annual Assessment identified construction as the second most reported industry for cases of labour exploitation

Unseen Introduction:

Unseen's vision is a world without slavery. We aim to transform society's response so all can live in a world free from such abuse and exploitation.

Through community outreach services and safehouses, we work alongside survivors of modern slavery to help them rebuild their lives.

We also run the UK Modern Slavery & Exploitation Helpline, and work with businesses, governments, frontline workers and the public to raise awareness of modern slavery and tackle the issue in every sphere of society.

We hope that one day our work is no longer needed; that together we can stamp out slavery for good.

Helpline Introduction:

Unseen's UK Modern Slavery & Exploitation Helpline provides a vital lifeline for potential victims of modern slavery.

It is free, confidential and open 24-hours a day, 365-days a year, to receive calls from anyone who needs help, or is concerned about someone else.

In its first six years of operation, the Helpline received more than 50,000 telephone, email and web contacts and it continues to receive an increasing number of calls every year.

Our expert Helpline operators are there for help and advice, not only for victims of modern slavery, but for the public, businesses and statutory agencies like the police, NHS and local government.

As well as support and advice, the Helpline provides data to better inform modern slavery responses in governments, other organisations and businesses.
